WOULD SPEND A MILLION ON IT

OFFER OF CHARLES PAGE TO MOOSE LODGE GIVEN HEARTY CONSIDERATION.

SUPREME DICTATION WRITES

Printing and Manufacturing Plants As Well As Home—Organization Fast Growing One.

Improvements representing a total investment of a million dollars is what the national Moose lodge offers to make at Sand Springs in case the proposition to locate the national home near Tulsa, is accepted. A lengthy letter was received yesterday by Ben F. Finney, of Tulsa Lodge No. 414, L. O. O. M., from Arthur H. Jones of Indianapolis, supreme dictator of the Moose, in which the statement is made that Tulsa has a mighty good chance to land this big institution.

"Please let me know at once" just what kind of a proposition Tulsa and Sand Springs can make us as an inducement to locate the national home there," said Mr. Jones in the letter. "Would want 200 Acres."

"We would require 200 acres of land to start with, with the privilege of buying additional adjacent acreage later on. The improvements we would make on this land, in the way of buildings, etc., would cost about a million dollars, and the institution would be the largest institution for the education of boys and girls in the world."

The advantages for an institution of this kind at Sand Springs are manifold, and all these things will be laid before Mr. Jones shortly by a committee from the local lodge, who will be backed up in their efforts to land the home for Tulsa by Charles Page, owner of Sand Springs.

Would Manufacture, Too.
The national home would include the manufacturing establishment in connection, which makes furniture for Moose lodge halls, Moose jewelry and other articles. The Moose printing establishment, which furnishes supplies for all the subordinate lodges and prints the Moose periodical which goes to every Moose in the country each month, would be installed in connection with the enterprise.

The national home is at present located at Muncie, Ind., but conditions make it necessary to move it from that place, and locate it permanently on the lodge's own property and in its own buildings.

That no place in the country is more naturally situated or furnishes better natural advantages for this institution is certain, and all that remains to be done to secure the national home for Tulsa is to place before the national officers a tangible and enticing proposition. This is what will be done in the immediate future.

The Moose lodge has about 5,000 members in Oklahoma, with a lodge of 1,400 members at Oklahoma City, 500 at Sapulpa, and over 300 in Tulsa, besides in other towns and cities of the state. It is said to be one of the fastest growing fraternal orders in the country today. It is said that should the national Moose home be located at Sand Springs it would be the biggest single industrial achievement that Tulsa has ever made.

49-ERS ENRICH CITY TREASURY TO EXTENT OF \$705.

Raiding of Oil and Tuff Exchanges, Diamond Drug Store, et al., Proves a Paying Business.

Not a single one of the forty-nine men arrested Tuesday night on a charge of loitering when the police raided four alleged gambling joints put in appearance in police court when their cases were called for trial. In fact, no one expected that they would, as their bonds were deposited in every case by the proprietors of the places raided.

As a result of the raids the city collected \$705 in forfeited bonds. The places raided were the Oil Exchange, the Tuff Exchange, and a place over the Lyric theater, all on South Main street, in the same block, and the Diamond drug store one East Second street.

The Band Looked Curious.
Pedestrians on the downtown streets last evening were treated to a unique variety of Halloween celebration, when about twenty-five members of the Tulsa Mechanics' band, each dressed in some grotesque costume typical of the occasion, played selections on different corners and in front of the various moving picture shows. Big crowds gathered around the curious-looking band, and the music was high appreciated by the audiences.

To Quickly Gain a New Complexion.

(American Family Journal.)

The quickest way to get rid of a bad complexion is by the use of ordinary mercurized wax, procurable at any drug store. Just spread the wax over your face at night in the same manner you would use cold cream, and the beautifying work begins at once. Next morning when you wash this off, tiny particles of the old, worn-out skin are taken off with it. The following day more of the dead surface skin comes off, and so on until soon you have entirely discarded the faded, sallow, blotchy or muddy complexion. The fresh, bright, healthy-hued skin underneath furnishes your new complexion. No process has yet been discovered that will give a woman such a rarely beautiful and youthful skin. Marks of age, weather, worry and disease, which mar the skin, of course disappear with the skin itself.

COLDER WEATHER A PRICE HELPER

COTTON CLOSES AT AN ADVANCE OF 5 TO 9 POINTS ON DAY'S TRADING.

DEMAND FOR HIGH GRADES

Three-Fourths of Crop Said to Be Picked—South Reported Holding More Freely.

NEW YORK, Nov. 1.—After an early sharp advance in response to steady cables and cold weather news from the western belt, the cotton market turned quieter and gradually worked off a little under big crop estimates, closing steady at an advance of 5 to 9 points, but from 3 to 8 points under the best prices of the day.

The market opened steady at a general advance of 3 to 10 points, and made further gains of about 9 points on near-months and 3 to 4 points on later positions. The buying was quite active at times, particularly by Liverpool, the south and Wall street but every advance above the 9 cent level for January seemed to meet liberal pressure.

Part of this selling was based on rumors that the national ginners preliminary returns indicate a ginning to October 31, of over 9,800,000 bales, although this was denied. A prominent New Orleans authority estimated the crop at 15,000,000 bales minimum and a private estimate as high as 16,000,000 was wired from Memphis. The western belt forecast in Thursday with prospects for still colder weather on the way from the northwest where zero temperatures were noted.

Reports from China said that the native money market had been much affected by the revolution and that prospects for the cotton goods business were poor. A road demand existed for high grades of cotton in the interior according to advices received here but grades for middling and below weakness with accumulations very large.

It was again a matter of comment here that notwithstanding a huge short interest, the bears seemed able to cover large quantities of cotton on a comparatively small advance. The port receipts were much lighter today due to the fact that the end of the month shipments had been filled. A local crop authority was out with a statement that 75 per cent of the crop had been picked, that frost was not likely to injure cotton and that the south was holding more freely.

Receipts at the ports today, 58,216 bales against 73,551 last week and 52,653 last year. Today's receipts at New Orleans, 3,323 bales against 11,031 last year and at Houston 17,895 against 10,764 bales last year.

Oats lower. December, 46 3/8c; May, 45 3/4c.

Trading in Chicago Grain.
CHICAGO, Nov. 1.—Wheat rebounded today after being for a time demoralized, owing to huge sales by a house that had been identified with the leading bull clique. Reports of export flour sales at Toledo helped caused the rally. Closing figures were 1-8 to 1-4 net lower, but firm. Corn finished unchanged to a shade up. Oats either not altered or 1-8 higher and hog products at 22 1-2@27 1-2 a 25c advance.

Corn followed the same general course as wheat and was decidedly active. In oats business was relatively light. Estimates tending to show a big decrease in the world's hard supply turned the provision market upward despite a large run of hogs west. When the pit was cleared pork had risen 27 1-2 to 35, lard, 15 to 22 1-2@25 and ribs 14@17 1-2.

Grain in Kansas City.

HARMON CLUB WILL GET START TONIGHT

TULSA DEMOCRACY IS NOT SATISFIED WITH TWO CLUBS BUT MUST HAVE THIRD.

Tulsa democracy, not content with the strife and discontent among their numbers through the division of the ranks and the organization of two separate and distinct Democratic clubs in the city, will tonight organize a third club, which, according to the instigators, is an absolutely independent movement and not to be associated with either "Tulsa County Democracy" or "The Tulsa Democratic Club."

The meeting tonight will be held at the district court room at 8 o'clock and the purpose will be to organize a Tulsa Harmon Club, which will support Governor Harmon of Ohio for the presidential nomination next year.

Several well known democrats are interested in the movement, the majority of them being members of the Tate-Bill-Buck-Henry, or Tulsa Democratic Club.

Chambers Opposes Sen. Owen.
State Representative Joe Chambers, from Claremore, Rogers county, was in Tulsa yesterday getting a line on political conditions in Tulsa county. Mr. Chambers took occasion while here to announce that he was opposed to the re-election of Senator Owen, and was strong for Haskell. He also told the "boys" that he was going to be a candidate for county judge in Rogers county at the next election, as he believed getting \$6 a day for serving in the legislature was too much like "easy money."

"Criminal Day" An Easy One.
For the first time in months "Criminal day" in Justice of the Peace Black's court passed without a single case having been tried or set for trial yesterday.

Judge Slack staid at his desk all day awaiting the tread of many feet on the stairs outside his office door, the sign of a case to be tried, but the tread was never heard. "Tulsa must be getting good," said the tall dispenser of justice yesterday in commenting on the unusual situation.

Nineteen in County Jail.
With the opening of the fall term of the district court only five days removed, the county jail is fairly well filled with prisoners awaiting trial on offenses ranging all the way from petty larceny to burglary. Meals for nineteen were served by the jailer yesterday. With the opening of the district court on next Monday, it is expected that this number will be greatly reduced, as the cases of those men in jail will be tried first on the docket.

Will Seek American Legation.
LONDON, Oct. 31.—The Pekin correspondent of the Daily Telegraph says it has practically been decided that as the last resort the emperor shall seek asylum in the American legation.

Happy, Happy, Use TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore feet? Never After Using TIZ—Good-bye sore feet, aching feet, swollen feet, weary feet, smelling feet, tired feet. Good-bye corns, calluses and bunions and raw spots.
You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.
It acts at once and makes the feet remarkably fresh and sore-proof.
TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and sterilizes the feet—your feet.
You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and calluses. You'll feel like a new person.
If you don't find all this true after trying a box of TIZ, you can get your money right back.
TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.
